# Introduction

A genuine all round education exposes students to a range of experiences beyond the classroom. Fully embracing the co-curriculum will create unforgettable memories, life-long friendships and develop essential skills that will help to shape your future. Be brave enough to try something new whilst challenging yourself to be as good as you can be.

To achieve both breadth and expertise, this will typically see junior students choosing more options, with their tutors encouraging them to select from a spread of the following categories:

- Creative Arts
- Physical
- Outdoor Education
- Eunoia – Academic Enrichment
- Community Services
- Clubs

As students move up through the school, there is opportunity to dedicate more time to a given pursuit and there is no maximum option load. It is hoped that the Upper Sixth will continue their involvement in a leadership capacity after a number of enjoyable years of service to a given option.

Some students have specific needs, and in this instance, bespoke arrangements can be sought with the Head of Lower School or relevant Housemaster/Housemistress in consultation with the Director of the Co-Curriculum (Mr Bower).

## First Form:

Four options (three options plus Musicians of the Future programme in Michaelmas)

## Second Form:

Four options

## Third Form:

Two options plus Third Form Outdoor Education

## Fourth Form:

A minimum of two options, which must include one option from the Fourth Form Challenge

## Fifth Form:

A minimum of two options (including one Library Revision choice in Lent & Summer)

## Lower Sixth:

A minimum of one option, plus a Community Service choice

## Upper Sixth:

A minimum of one option

## Choosing your preferences

Instructions will be sent out, via email, to both parents and students informing them of the choices available as well as how to select these. Please take time to look through the Broader Curriculum booklet to ensure you are aware of the many choices available to you. It is important that you make your selections prior to the start of term.

Once you have made your preferences, you will be allocated your options based on availability. Wherever possible you will be given your first choice. Mr Bower will be able to keep a record of when you might not have been given your first choice so that you will be given preference for another term for more popular activities.

There will be an opportunity to review and discuss your options during tutor time in the first week of term.

Some options are invite only, and students will be preselected on these. If you would like to attend these, but have not been invited, please contact the Activity Leader directly.

Certain options are compulsory for certain students, which might be for an entire year group or for award holders. Where this is the case, you will see this option as preselected when you login to SOCS.

# Attendance

You will be required to attend your options as and when they occur. Usually this will be a weekly commitment for a term. Your co-curricular timetable is available in the database and electronic noticeboards in the main school will show what is happening on any given day.

Should you be absent for any reason, you must request permission from the Activity Leader of your option. Should your activity be cancelled for any reason, then you must sign-in to House.

It is hoped that this booklet will provide you with the information needed to make good choices, but sometimes things don't work out. Students are asked to attend any activity for at least two weeks before making any changes to give it a proper chance. Following this, there will be an activity change request form available on the Student Dashboard where you can request to make changes to your activity. You should communicate clearly with your current Activity leader to explain your reasons for wanting to change and think carefully about choosing an alternative with space.

Please note that activities will only run if there are enough numbers to make it meaningful and that this booklet is subject to change throughout the year.

# Academic Enrichment

## Astronomy GCSE

**Day: Monday**

**Time:** 3.55pm – 4.55pm

**Venue:** Physics Department

**Open to:** Fourth & Fifth Form

**Selection:** Application to Activity Leader

**Activity Leader:** Dr. M. Ruck

Most people are fascinated by the night sky and are interested in stories about our continuing exploration of our Solar System and Universe. The astronomy activity, leading to a full GCSE for those interested, builds on that interest, and gives a thorough introduction to the subject. We will explore our position in the Universe, the movements of planets and stars, the cycles in the night and daytime sky, and how we use technology to observe and interact with space. You will learn how scientists, from ancient civilisations to the modern day, have used their imagination and careful measurement to explore our Universe.

## Literary Society

**Day: Monday**

**Time:** 3.55pm – 4.55pm

**Venue:** White Lion Sixth Form Centre (with visits to the library)

**Open to:** Sixth Form, (max. 15)

**Activity Leader:** Mr R. Taylor

*For Sixth Form students who wish to read quality literature beyond the syllabuses.*

Eat cake, drink tea and share the reading of extracts from novels, poems and plays that are winning Booker prizes or are often seen on university courses. This group is a must for anyone considering English at university; it is also open to students who enjoyed English at GCSE but couldn't fit it into their A-Level options. Students of History, Psychology, Drama and Theology would also benefit from the discussions and the wider reading.

## Current Affairs Society

**Day: Tuesday**

**Time:** 3.55pm – 4.55pm

**Venue:** V2

**Open to:** First & Second Form, (max. 12)

**Activity Leader:** Ms L. Roberts

## Model United Nations

**Day: Tuesday**

**Time:** 5.00pm – 6.00pm

**Open to:** Fifth Form and Upper Sixth, (max. 16)

**Activity Leader:** Dr L.Earl

If you like debating and have an interest in world events, or if you just want to have fun whilst learning about global issues and politics, Model United Nations is for you. You will represent countries from all over the world, forming alliances, proposing resolutions and amendments, and speaking in debates on issues ranging from North Korean disarmament, to slowing climate change and protecting human rights. No experience required: just enthusiasm and a desire to speak out. Work to be completed in House with events throughout the year.

## Bloxham Enterprise

**Day: Tuesday**

**Time:** 3.55pm – 4.55pm

**Venue:** V2

**Open to:** Sixth Form, (max. 16)

**Activity Leader:** Mr L. May

The activity will support students to set up their own businesses by providing them with the expertise and resources they need to realise their own ideas. The activity is open to all students in lower sixth (and invited students from the upper sixth). Students with skills in design, technology, media (including social media), computing (eg web design), art, public speaking, languages, and/or have an interest in business would benefit from this activity. Students must be self-starting and prepared to commit as part of a team.

## Maths Enrichment

## The Big Question

**Day: Tuesday**

**Time:** 3.55pm – 4.55pm

**Venue:** TBC

**Open to:** First to Third Form Academic Scholars

**Activity Leader:** Dr L. Earl

Life is full of big questions that we cannot answer if we focus on one subject; in the Big Question we will seek to bring together ideas across subject areas to propose answers to some of these questions. Hone your research skills, your analytical skills and presentation skills.

# Languages

## Beginners' German

**Day: Monday**

**Time:** 3.55pm – 4.55pm

**Venue:** GH10

**Open to:** First to Third Form, (max. 16)

**Activity Leader:** Mrs J. Rose

If you would like to learn a new language for fun, then here is your opportunity! We shall look at both the fascinating language and the culture of the German-speaking world. German is very influential as it is the most widely spoken native language in Europe. Germany shares about 40% of its vocabulary with English which makes it quickly accessible to English speakers. The German language and Germany also have a fascinating history. German language skills are currently in high demand in all job sectors in the UK. Learning German will enrich your understanding in your wider academic studies and will open a new world of culture, opportunities and experiences. Most of all, it will be great fun!

## Beginners' Mandarin

**Day: Tuesday**

**Time:** 3.55pm – 4.55pm

**Venue:** GH11

**Open to:** Third Form – Upper Sixth, (max. 12)

**Activity Leader:** Mrs X. H. Pan

Mandarin is the most widely spoken language around the world. Not only is it rich in culture and ancient history, but it also constitutes the dialect of the modern era's fastest growing economy. There are many reasons to learn Mandarin. Start now with fun and energetic sessions.

## Peripatetic Mandarin Lessons

**Day: Tuesday & Wednesday by arrangement**

**Venue:** GH11

**Open to:** All (solo and paired groups)

**Activity Leader:** Mrs X. H. Pan

Solo and paired Mandarin lessons are available for anyone wishing to take their languages skill to the next level. Both GCSE and A-Level entry can be arranged. This is a paid for activity. For more information and to arrange a lesson, contact Mrs Blackwell.

# Sixth Form Academic Enrichment

*Beyond academic courses, learning is extended across an exciting and unique range of options that will allow in-depth study of areas of interest, whilst developing essential skills for university and beyond. These sessions run during Period 6 each Monday.*

## EPO

The Extended Project Qualification (EPQ) is a research project that supports your personal aspirations for higher education and career development through studying, in depth, a topic of your own choice. This is worth 50% of a full A-Level, and it will develop your ability to work independently, research critically and synthesise your findings to produce either a 1,000-word written report or an 'artefact', from which you will prepare and deliver a presentation of your findings. The EPQ is widely recognised by universities as it develops many of the skills required for university study.

## The Bloxham Mini-MBA Programme

The Bloxham Mini-MBA programme seeks to develop workplace skills and accentuate student understanding of the modern business world. The course covers elements including finance and the use of capital resource; marketing; market trends and the economic cycle; globalisation; the complexity of strategic choice and entrepreneurial enterprise. Personal development focuses on collaborative working, communication and presentation skills, assertion, debate and persuasion. The programme is run in association with the University of Buckingham, whose Business School have contributed to the syllabus and support several areas of learning. The programme is further supported by external guest speakers who impart their knowledge and experience to the students taking part.

## Mini-MAPP (Masters in Applied Positive Psychology)

The Mini-MAPP is an exciting course that we are offering to the Lower Sixth. Positive Psychology is a relatively new branch of Psychology which looks at being our best selves and how we can live meaningful lives with purpose. This interactive course will involve exploring topics such as:

- What is positive education? How important is it to be happy?
- Discovering your strengths, developing coaching skills and the importance of setting goals
- How to boost positive emotions and the power of laughter
- Overcoming obstacles and dealing with procrastination
- Application of Positive Psychology interventions to the outside world

At the end of the year, you will be awarded either a distinction, merit or pass based on your performance throughout the course. We have established links with the University of New Buckinghamshire, a leader in this field.

## Public Speaking

Learning from the greatest public speakers, you will research and craft a speech to engage an audience on subject-matter of your choosing. The speeches will be assessed by LAMDA (London Academy of Music and Dramatic Art) and this will carry the same UCAS points as an EPQ. Public Speaking is such an important life-long communication skill in whichever career path you choose.

## Bloxham Sustainability Challenge (BSC) in Partnership with Dalcour Maclaren

A curriculum-community-partnership approach to sustainable teaching and learning at Bloxham School.

The aim of the Bloxham Sustainability Challenge (BSC) is to provide a whole-education approach to sustainability, linking the teaching and learning to the broader curriculum provision, whilst also partnering with an award-winning environmentally responsible national business enterprise (Dalcour Maclaren). Students taking part in this initiative will:

- Work together to find solutions to a real-world challenges (provided by Dalcour Maclaren), whilst applying their knowledge and skills in the creation of a solutions-based project.
- Learn about sustainability and develop excellent critical thinking skills;
- Gain employability skills and valuable experience for UCAS applications and CVs;
- Develop new skills and utilise leading innovative technologies such as ArcGIS;

- Collaborate with and present ideas to Dalcour Maclaren and their clients (e.g., Thames Water, Network Rail and national utility providers);
- Make a tangible contribution towards raising awareness of real-world sustainability issues at the local level;
- Receive a certificate, and a Challenge Cup will be awarded to the winning the team (with a sponsored prize from Dalcour Maclaren).

The BSC programme is for any Lower Sixth student who's keen to explore the complexities of sustainability and to become a leader in helping to build a greener future. By the end of the year, students will have developed a range of personal and work-based skills, particularly teamwork, communication and leadership competencies. Throughout the course there will be plenty of opportunities to network and to secure work placements across the summer holiday.

**Day: Friday**

**Time:** 3.55pm – 4.55pm

**Venue:** B1

**Activity Leaders:** Mr. L. Elliott, Mr. P. Sanderson & Mr. S. Moulder

Silver Duke of Edinburgh represents a step up from Bronze. Although the requirements are similar, the expedition is in wilder country, is more adventurous and is designed to test students' teamwork and abilities. As such the training is more in-depth, teaching students all the necessary skills to be self-sufficient in the outdoors. Together with the need to be involved in volunteering, physical and skills activities for a longer period of time than the Bronze Award, to be successful students should have a greater commitment and interest in exploring more interesting countryside. Students are assessed on expedition over three days and two nights, and in keeping with the goal of a more adventurous undertaking, the plan for 2023/2024 is to venture further afield and use the west coast of Scotland during the last week of the Easter holiday for the practice and assessed expedition, though this will always be dependent on conditions and contingency plans are in place. Cost: £315, including enrolment and all training.

# Community Services

*The founding principles of Bloxham School are based on service. Service is about getting out of your own bubble. It is not only about helping others – you expand your worldview, develop empathy; responsibility, and leadership skills, and realise how your actions can have a positive impact. It is also good for your physical and mental health. Volunteering has been shown to help counteract the effects of stress and to raise feelings of self-worth.*

## Peer Listening
